Mission: *The Bellevue Business & Professional Association's mission is to help foster growth, goodwill and long term benefits for businesses and the Village of Bellevue alike.*

About: *The Bellevue Business & Professional Association (BB&PA) was started in 1972. Initially it was an avenue for local business owners to gather, get to know one another, share concerns and keep up-to-date with new developments in the area. Today it is our goal to keep the Village of Bellevue strong by encouraging our members and the local community to use the services offered by BBPA members. By doing so we will help strengthen the profitability of our members, the community and make Bellevue an attractive area for new business.*
